

Installing Mathematica 7 for Students

Follow the steps below to install and register your copy of Mathematica 7 on a Windows computer.

Install and Register Your Copy of Mathematica 7

1. Double-click the **Mathematica7** file to begin the installation. You'll need to click through a number of prompts to complete the setup. It is recommended that you accept the default settings.
2. When you launch Mathematica for the first time, you'll receive a message that **Mathematica for Students will stop working in 14 days unless a valid password is entered**. Click **Enter Password**.
3. Select **Single-Machine License** and enter the code **L3010-1327** in the **License Number** box. Filling out the **Name** and **Organization** boxes are optional and will not affect the program. Click **OK**.

Please select your installation type and enter the required information below.

Single-Machine License

A machine-specific password will be required. Please enter your name, organization, and license number. Then click OK to continue.

Name: John Student

Organization: Buffalo State

License Number: L3010-1327

4. If you have an Internet connection, click the **Web** button register your copy of Mathematica and obtain a password. Otherwise, click the **Other Ways to Register** button.

The quickest and easiest way to obtain a password is to register on the web. Click the Web button to open your browser and register to obtain your password.

MathID: 6139-82668-74710

Password: []

Web

NOTE: The information you provide when you register will only be used at Wolfram Research. Your information will never be sold or provided to anyone else.

5. Select **I want to register a product and generate a password** and click **Continue**.
6. Select the product you want to register (**Windows; 7.0.0; Single User; 2 processes**) and click **Continue**.
7. Complete the registration form, making sure to use your Buffalo State e-mail address, and click **Continue**.

Note In order to use the full version of Mathematica 7, you must be a registered student and use a valid Buffalo State e-mail address when you register your copy. If you aren't currently registered for classes, or if you use an e-mail address other than your Buffalo State address, you will not be able to use Mathematica.

8. Once you complete the registration form, you'll receive an e-mail from the Computing Help Desk within one business day; the e-mail will contain your password. In the example below, the password is the string of numbers beginning with **9156** following the license number (**L3010-1327**).

```
Version 7.0 password(s) were generated for license: L3010-1327  
Here is the content for your mathpass file:  
blpe0699          6139-82668-74710          L3010-1327          9156-984-998:2,2,4,4:4
```

9. To enter your password, open Mathematica, click the **Enter Password** button, and then copy/paste the password you received from the Computing Help Desk.
